After talking with Doug Hale, questions remain as to our actual responsibilities for P.C.B. compliance. Doug will research and send additional information. The following questions arise:

- ① How long do we need to retain records?
- ② What is the form for the Annual Report?
- ③ Are annual inspections necessary?
- ④ Does the form need to be submitted to EPA (i.e. Annual Report)?

Doug should be forwarding information in 1-2 weeks.
